ofek.rabotnicoff@gmail.com 052-3362381 <https://www.linkedin.com/in/ofek-rabotnicoff-06413b1b7>

Currently, I'm a student of Industrial Engineering and Management in my second year of studies. In my last positions, I acquired knowledge in technical troubleshooting and project management. Now I am looking for a student position in the field of **Data Analysis** so that I can bring my analytical skills together with the tools I acquired in my academic studies in SQL, Power BI and Excel

EXPERIENCE

Feb 2022 – Present

Network Operations Center, SQLink Group

- Technical Support and Troubleshooting, operating faults in real time
- Data optimization in Excel and CRM systems
- Monitoring and liaising activities of the production environment, network, and business transactions reports

Sep 2022 – Present

Project manager, Young Business Leadership Organization

- Track and measure project performance and manage changes in project scope, and schedule through the Monday of the company
- Conducting training workshops for the 4 programmer's teams in Python
- Working closely with the project supervisors from Tech companies
- Management of 8 annual projects, half of which is a contribution to the community
- Creating PowerPoint presentations for the company's stakeholders

Oct 2021 – Sep 2022

Bootcamp Instructor, Young Business Leadership Organization

- Instructing young students from a low socio-economic background to acquire tools in the financial world
- Building a business plan for a product created by the group
- Presentation and sale to customers
